

IT'S TIME FOR
Stressless[®]

It's about time.

Time is a precious commodity. Our days are busily packed with the essential tasks that life invariably brings. It seems no matter how hard we try, there is never quite enough to balance work, life and play. Modern living is busy – we are 'switched-on' for more hours than ever before and the day-to-day pressures can leave us feeling exhausted. Relaxation is essential for our overall well-being but if we don't plan for it, it's all too easy to miss it out. We need down time. Time for ourselves. Time to listen to our bodies. To rest and re-energise from the day. It's time to make time for you.

It's time for

Stressless®

It's time to take a break.

It's important to create a sanctuary in your home, a place where you can forget about all the must-do's and just calm down. Stressless® furniture is designed with this in mind. That's why we make the most comfortable chairs, sofas and dining chairs in the world. Designed to listen to your body, they help you relax and unwind. All that is required of you is to find space for it. In life, and at home.

It's time to care.

Our pledge to the environment through furniture that spans generations.

When you purchase Stressless®, you choose quality furniture that will serve you through a lifetime. Raw materials are selected with care and consideration of the beautiful environment that surrounds us. Sustainable manufacturing processes at our factories have always been at the heart of Stressless® production culture and are enhanced through our use of the highest quality raw materials plus bioenergy to heat our facilities.

We continuously thrive to improve the efficiency – any measure that enhances quality and reduces energy, time and wastage, is a step closer to creating superior furniture that endures.

Norwegian quality since 1934.

Far west in our elongated country, you find a beautiful place surrounded by deep fjords and majestic mountains. These are the surroundings where we find the inspiration for our unique designs. In this village, the craftsmanship and passion for furniture has been passed through generations –all the way back to 1934.

Under the surface of supple leather and cosy fabric lies true engineering genius. From multifaceted sets of springs to foam that contours to your body, every aspect contained within Stressless® furniture is deliberately engineered, designed and assembled to bring you an outstanding seating experience. Understanding the science of comfort and movement has always fueled our innovative spirit and desire to design the most comfortable, unique furniture in the world.

That's why we call ourselves **The Innovators of Comfort™**.

Engineer: Henrik Birkelund

Human touch through time.

With a highly skilled team of designers, engineers and furniture makers, we create a fusion of expertise. Through collaboration a design can surpass expectations. This heritage, combined with innovative production methods, ensures our extraordinary level of quality.

The core of our quality lies within the combination of a highly skilled workforce and use of state-of-the-art robot technology. The strength of robots lies within the precise functions they perform - the same way and every time, usually taking on repetitive operations. But human craft is still absolutely necessary for the delicate details and solutions tailored just for you. With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, our machines and people work together to create furniture that will live with you through a lifetime. When you sit down and appreciate how genuine Stressless® furniture feels, you will know.

The Innovators of Comfort™

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

POWER LEG™ AND POWER This integrated footrest is a great alternative to a free-standing footstool. With a slim design – elegantly concealed beneath the seat – it can easily provide exceptional support for your legs by extending it outwards.

FIND YOUR BALANCE with **BalanceAdapt™**. Subtle rocking motions enhance the feeling of total balance. These fluid movements elevate the seating experience into something truly exceptional.

COMFORT IN ALL POSITIONS. When sitting down, **ErgoAdapt™** provides a soft landing and total comfort with a seat that automatically adjusts to your position and smallest movements. When lying down, the sofa turns completely flat for best possible rest. A power seat with the integrated footrest includes a reclining function system that provides optimal comfort and support for your body in all positions.

RIGHT SIZE MATTERS. Optimal comfort is also about correct size. Most of our recliners therefore come in multiple sizes for you to find the perfect fit.

YOUR DESIGN. Optimal comfort is also about unique design options. Our Star base models comes in two different options, Adjustable and High back.

DINE IN COMFORT. Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximise your quality time with friends and family.

Recliners

Sofas

It's time to relax.

When we relax, our heart rate slows. Tensions release and our blood pressure reduces. Relaxing also increases blood flow in the body, helping us to feel restored and energized. Making time to escape the stresses and strains of everyday life... to restore body and mind is key to improving our overall well-being.

Our experience in furniture making has taught us that comfort is highly personal. We have been perfecting comfort since 1934 and our recliners, sofas and dining chairs actively encourage you to sit down and relax in the most comfortable way possible.

Stressless® Reno (M) Signature
Calido Beige/Oak

Stressless® Mayfair (M) Classic
with **footstool**
Paloma Light Grey/Whitewash

Design your dream chair.

Style and comfort are individual. It's only natural, since we all come in different shapes and sizes. Four different bases are available for our recliners: Classic, Signature, Star and Office Base. For soft rocking motions, the Signature and Star Base are ideal. Optimal comfort is also about finding the right size of chair. Most Classic and Signature chairs come in three different sizes, and all the well-known Stressless® benefits are of course included.

Stressless® View (M) Signature with footstool
Paloma Sand/Oak

RIGHT SIZE MATTERS. Optimal comfort is also about correct size. Most of our recliners therefore come in multiple sizes for you to find the perfect fit.

Stressless® Mayfair (M) Classic Power™
Paloma Almond/Oak

It's time to put your feet up.

Stressless® with Power™

Millions of people across the globe benefit everyday from our incredibly comfortable chairs. And now, we are delighted to offer our iconic recliners with new motorised patented systems. In perfect harmony with modern Scandinavian design, Stressless® with Power™ recliners offer enhanced motorized functionality whilst staying true to classic Stressless® design.

Stressless® with Power is a great alternative to a recliner and separate footstool, and is available in two systems:

Power Leg™ - the integrated footrest has a slim design, elegantly concealed beneath the seat. Provide support for your legs and extend the footrest outwards by lightly pushing a button under the armrest. The footrest is designed to follow the natural angle of your feet and can be adapted to different leg lengths, extending longer than most other footrests on the market. It is easy to get off the chair, even when the footrest is extended. The back of the recliner is not motorised and moves in harmony with your body when you lean backwards.

Power™ - this system comes with all the benefits of Power Leg™ plus the motorised reclining function of the backrest for ultimate ease and comfort. Use the set of buttons found under the armrest next to the footrest buttons. Battery option is also available with a magnetic charger attachment for easy access. Total comfort at the touch of a button.

Stressless® Swing table

POWER™ AND POWER LEG™ This integrated footrest is a great alternative to a free-standing ottoman. With a slim design - elegantly concealed beneath the seat, it can easily provide superlative support for your legs by extending it outwards.

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

Stressless® Dover (M) Classic Power™
Paloma Shadow Blue/Grey

Stressless® Reno (M) Classic
Paloma Chocolate/Whitewash

The individual footstool.

Stressless® free-standing footstools will always be classic pieces of furniture and the perfect partner for our chairs and sofas. Since all Stressless® furniture is designed, engineered and handcrafted to exemplary mechanical precision, why would we make a stool that is any less advanced?

When you lean back in a recliner chair, your legs move forwards and down. Most traditional, flat footstools do not support this sitting position. Free-standing Stressless® footstools have a built-in sliding function that automatically follows the movement of your legs, giving you the freedom to move whilst staying completely supported and making the world's most comfortable recliner even better. What's more, in a locked position our footstools can be used as an extra seat.

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

Stressless® Aura (M) Signature
Paloma Copper/Walnut

Stressless® Signature bases.

Stressless® Signature Bases are unique. Incorporating our patented BalanceAdapt™ functionality for a feeling of complete comfort that you will not find with any other base. The innovative mechanism provides a gentle rocking motion, creating a feeling of weightlessness, and the ability to lie almost horizontally. Its stylish Scandinavian design, with a seamless blend of aluminum and wood adds a contemporary edge to the leather and fabric recliner range.

MORE CHOICE, MORE COMFORT

Stressless® Signature Base is available on all small, medium and large luxury leather and fabric recliners (excluding Star Base models).

FIND YOUR BALANCE with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

Pioneer Black/Black

Stressless® London Office with adjustable headrest
Paloma Henna

Home office comforts.

Whether it's a dedicated room, a small study space or a nook in the dining room, it's important to be comfortable when working at home. If you spend a lot of time seated working at a screen, then a well-designed chair that actively encourages a good posture is a necessity.

Our collection of home office chairs marries supreme comfort and style, blending effortlessly with the rest of your interior. Soft cushioning and sublime lower-back support mean you can sit for longer periods of time in complete comfort.

All our recliners can be used as office chairs. Stressless® Star Base models come in polished aluminum bases with adjustable or high back options. Stressless® Classic and Signature recliners come in a black base with wood details in a large range of colors.

Size matters.

Higher or lower back, you decide. Stressless® Star Base recliners are available in two different back options. The high back model, perfect for precious moments of complete relaxation...or a low back model where a height-adjustable head rest is added to extend the height by up to 10cm. The high back model has an integrated neck rest, providing additional comfort in the form of an internal pillow that can be moved up and down to suit your individual support needs.

Iconic design.

Stressless® Star base models are a nod to mid-century design, choose from 2 iconic designs, high-back or adjustable headrest, 2 base colours and over 100 leather and fabric colours.

YOUR DESIGN. Optimal comfort is also about unique design options. Our Star base models comes in two different options,- Adjustable and High back.

SOFA

It's time for complete luxury.

When choosing a new sofa, there are many things to consider. The best configuration for your living space. The material, colour and finishing touches to complement your interior. But great design is so much more than what meets the eye. Underneath the surface of a Stressless® sofa is where the real magic happens. We focus just as much on the functionality and comfort. How the sofa responds and adjusts to your body. How it supports you in every position. We have spent years perfecting our designs to bring you a sofa that your room will love, and your body and mind will thank for years to come.

Complete the look and create additional seating with a matching Stressless® recliner.

Stressless® Stella with S2 arm, headrest and footstool
shown in Paloma Copper/Matte Black

Create your dream sofa.

A sofa is many things. A place to read. A place to entertain family and friends. A place to close your eyes and enjoy a moment of calm. Our timeless designs suit all interior settings while clever in-built functionality offers unrivalled levels of comfort. Stressless® BalanceAdapt™ system allows the sofa to respond to your natural movements, adjusting the seat as you move. Recline, lean forward, lie down or put your feet up and feel how the soft and generous seat adapts to your movements. When the occasion calls for just a regular sofa, simply lock the function to stop the seat from moving.

The modular sofa Stressless® Stella adapt to both your living room and your seating position.

FIND YOUR BALANCE with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

DINING

Gather round.

The dining area is the heart of the home. A place to enjoy the company of friends and family. A place to chat, share and celebrate...to remember old and to make new memories. Stressless® dining chairs are expertly designed to work with your body, not against it. The flexible seat and back follows and responds to the movements of your body in a unique way, offering a variety of positions for total comfort. With Stressless® dining chairs you can while away the hours in complete comfort.

DINE IN COMFORT. Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximize your quality time with friends and family.

Stressless® Bordeaux Round Table Whitewash

A chair that listens to your body.

The unique Stressless® dining chair responds to your body's movements, automatically adjusting the seat and back position, without levers or handles. Lean forward, and the chair moves to reduce the pressure under your legs while supporting your back. Lean back and enjoy the feeling as the chair back reclines and the seat slides forward, giving you a more open and comfortable sitting position.

It's time to create.

Your perfect Stressless® home is only complete when you have added your personal taste and your individual needs. After all, it is your home.

That's why our dining chairs, home office chairs, sofas and recliners come in a large range of leather, fabrics – and choices of armrests and bases. Visit your local retailer or explore our endless opportunities at [Stressless.com](https://www.stressless.com).

View with the Stressless @home App.

You can also download our Stressless @home App, personalise your favorite piece of our furniture, and actually place it in the living room, kitchen or office at home with the help of your phone or tablet. The app provides you with pictures of all our chairs and sofas and lets you choose your preferred materials, colors and bases. It doesn't get easier:

- Download the application from Apple Store or Google Play
- The app will automatically download all available Stressless® products at startup
- Choose model and style it at your preference
- Choose “view at home”, and see your Stressless® chair in your home through the camera.

It's time for Stressless® – the choice is yours.

The right look is at least as important for us as they are for you. So we have created many different styles and configurations for you to choose between. Our aim is for you to be able to customise each item of furniture so it fits you and your needs perfectly. Choose between our wide selection of leather and fabric covers, and bases in a range of steel and wood finishes. The secret to all our models is the clever application of patented design features that have been specially developed to provide you with a superb comfort experience.

The classic Stressless® with separate footstool.

Each Stressless® has been developed to be the world's most comfortable place to sit. And our matching footstools have been designed to maximise the Stressless® experience.

Correct leg support is a vital element in how comfortably you sit. Because your legs move forward and down when you lean back, we added the patented Glide™ function, which is how we made the world's most comfortable recliner even better.

Furniture suites.

We always think holistically when we design our furniture. Which is why you will find chairs and sofas that match. To add further excitement to the look of your lounge suite, why not combine fabric-covered chairs with a leather sofa – or vice versa?

New! Stressless® with Power™.

Perhaps you are looking for the perfect recliner or sofa, or maybe you have been dreaming of a chair with a practical footrest elegantly hidden beneath the seat. All our models with Power™ have the famous Stressless® comfort, and we guarantee that you will find the perfect position for relaxing every time. And, of course, you can tailor the design of your furniture to suit you and your home.

All our Stressless® recliners with the Classic base can be supplied with Power™. You can choose to have a motorised footrest and a body-weight adjustable backrest, or a chair with a motorised back and footrest.

The Power™ function is also available on many of our sofa models.

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector / Sector Arm tables should be treated as a single, fixed unit.

TABLES AND OTTOMANS

Stressless® Urban (L)

W: 90 H: 48

The stylish glass table is designed to match Star base models. Select from chrome or matt black finishes.

Stressless® Urban (S)

W: 55 H: 48

Stressless® Enigma

W: 90 H: 44

A stylish glass table with base in chrome.

Stressless® Coner table

W: 69 H: 48 D: 60

This practical table is perfect for placing between a pair of Stressless® recliners. Also ideal for any corner setup or home cinema arrangement. Available in all Stressless® wood colours.

Stressless® Style tables

W: 137 H: 47 D: 60

W: 55 H: 52

Sofa table and side table, available in several colour combinations. The slight difference in height means that the tables can be easily combined in different ways, either standing apart or close together. The tabletop is made from MDF with a melamine surface and is available in White, Black and Cream. The wooden legs are available in Black, Natural and Brown.

Stressless® Windsor table

W: 132 H: 48 D: 70

Made from beech. Available in Natural or stained in the following colours: Oak, Walnut, Teak, Brown, Wenge, Grey, Whitewash and Black.

Stressless® Ellipse table

W: 49 H: 48-71 D: 38

This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach while you are in your "comfort zone" (adjustable).

Stressless® USB table A

W: 52 H: 50-73 D: 42

A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass or wood, with a black or chrome stem (adjustable).

Stressless® USB table B

W: 51 H: 50-73 D: 55

Stressless® Easy Armrest table

W: 25 H: 10 D: 23

This smart table has been designed for the Stressless® Arion, Stressless® Wave and Stressless® Emma 200. Simply place the table on the armrest to provide a convenient extra surface.

Stressless® Computer table

W: 41 D: 31

This table provides a good working position and remains independent of your movements. Simply swing it to the side and fold it down when not in use. Can only be fitted to Classic/Classic Power base recliners.

Stressless® Swing table

W: 28

This table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic/Classic Power base recliners.

Stressless® Modern and Stressless® Soft ottoman

W: 60 H: 44 D: 60

W: 51 H: 44 D: 40

W: 64 H: 44 D: 70

W: 53 H: 44 D: 49

Our ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. And secondly, it has room for all your extras under its removable top. Available in two sizes.

Stressless® Stella ottoman

W: 90/75 H: 44 D: 57

A sleek footstool perfectly designed to match our Stella sofa. Compliment with an optional table. Available in 2 sizes

Stressless® Double ottoman

W: 119-154 H: 44 D: 61

This large ottoman offers ample space to put your feet up, while the storage space conceals a tabletop that can be placed on the ottoman when needed.

All great choices, naturally.

Being one of the world's largest premium furniture manufacturers comes with responsibility. All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment. Here, we work alongside recognised international institutions to ensure that we are always up-to-date.

Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards here, so that you always make a great choice – regardless of texture, softness, color and how you want the leather to look and feel. Today and tomorrow. For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

NOBLESSE is the most exclusive leather quality offered by Ekornes. It is a full grain semi-aniline, which means that it is dyed all the way through and has only a thin protective topcoat. This allows the leather to keep the natural softness and lustre that characterises a first-class furniture leather. A natural material like Noblesse retains its original grain and structure. Minor colour nuances and skin blemishes may also occur. Such individual details could lead to slight variations in different parts of the furniture cover. Although the topcoat provides a measure of protection, Noblesse is the most delicate of the leather qualities that Ekornes uses. It absorbs moisture easily, and is more vulnerable to wear and tear, heat, sunlight, spills and perspiration. Regular maintenance is important to keep its attractive appearance.

PIONEER is a luxurious full grain aniline pull-up leather. This exclusive and delicate quality retains the full original grain of the leather, and is treated with oils, waxes and transparent dyes. This enhances the soft touch and natural appeal, offering deep, vibrant colours and a beautiful luster. The full-bodied leather sensation and natural transparent look will gain patina and become even more beautiful with age. On an exclusive leather like Pioneer you will find natural characteristics like color nuances, difference in structure, marks and skin blemishes. The delicate finish gives an exceptional comfort and a striking look, but offers just a light protection. Pioneer absorbs moisture easily and is vulnerable to heat, sunlight, spills and perspiration. Regular care and precautions are important to keep the luxurious and elegant appearance.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may however vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy duty quality and protection as Batick and Cori. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

CORI is a corrected, pigment improved and grain embossed upholstery leather. Cori has a substantial body and a distinct pebbled grain. Most of its natural marks are removed. Cori has a tip-shine which adds depth and character to the surface. Some colours have two-tone/ tone on tone-effect. A protective layer of lacquer simplifies cleaning. Cori is a wise choice if you want leather with excellent utilisation properties, a robust structure and an exclusive look.

BATICK is a corrected, pigment improved and grain embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

CALIDO FABRIC

Calido is a wool felt fabric with an exclusive appearance, which feels comfortable and soft next-to-the skin. It is available in a varied and exclusive colour palette.
80% wool, 20% polyamide.

SILVA FABRIC

Silva is a pure and timeless wool fabric that feels comfortable next-to-the skin. It is available in a muted and classic colour palette.
Silva: 76% wool, 13% viscose, 6% polyamide, 5% linen. 9% linen.

WOOD FINISHES

On many of our collections, natural wood finishes add another touch of luxury. Depending on model, you can choose from eight finishes. As a natural and renewable resource, subtle variations in pattern and colour make each piece unique. As well as being attractive, beech makes our furniture extremely durable.

Stressless® Leather and Fabric Care kits.

Stressless® offers its own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

The Stressless® Leather Care kit (medium/large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. For the leather quality Pioneer there are our own cleaning and care products: Stressless® Cleaning & Revitalizing Pioneer Leather Kit.

For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an Ox cleaner. This kit contains everything you need to clean your furniture in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and Ox cleaner.

These are the only cleaning products recommended by Stressless®. Stressless® accepts no responsibility if cleaning products other than those recommended by Stressless® are used and cause damage to the leather.
