

# STRESSLESS® HOME CINEMA FURNITURE

HEIGHTENS EVERY  
MOVIE EXPERIENCE

The movie is about to begin, so put your feet up on the Stressless® ottoman in front of you, and recline to your preferred position. Then you can go on a journey – wherever the movie takes you. Your Stressless® home cinema setup helps you forget all the little worries of your everyday life. Now is the time to let your thoughts drift off. During the next couple of hours, you're right there, among the gangsters of New York or the Kung Fu monks in their mountain monastery. You move more than 300 times during the length of a movie. The spacious, soft seats of your Stressless® home cinema setup let you move comfortably – that's the essence of an ultimate Stressless® home cinema experience.

*Stressless® Arion SC 121 shown in Paloma Clementine/Wenge. Stressless® Oval ottoman. Our complete range of models is shown on pages 76-83.*

# SIMPLY GREAT

Imagine comfort and functionality in perfect unity. We did – and the result was the Stressless® Double ottoman and Stressless® Oval ottoman. The Stressless® Double ottoman features plenty of leg room for two, plus ample storage space inside. It also comes with an optional table top, which can be placed on the ottoman – as a handy refreshment table – when needed. The Stressless® Oval ottoman has been built around the same general idea – with its removable pillow, the ottoman doubles as a convenient table. The pillow can be stored underneath the tabletop when not in use. It's simply great – it's Stressless®.

## EPIC SEATS

When the storyline of a great movie takes hold of you, transports you back in time or into the future, you want nothing more than to be able to remain comfortably seated. The clever sector tables and armrests complete the Stressless® home cinema setup, both functionally and aesthetically. No need to get up! Now everyone can keep their own giant bowl of popcorn, or selected beverage, within reach. The clever armrests double as practical storage places and so do the Stressless® ottomans. Gather the whole family for a couple of hours of quality time, or have the guys over to see the match. Unfortunately, we cannot guarantee a win or vouch for the movie – but we can guarantee epic seats for each and every one!

*Stressless® Legend SC 1111 and Stressless® Legend SC 111 are shown in Paloma Indigo.*

*Stressless® Legend SCA 121 shown in Batick Snow/Wenge, Stressless® Duo ottoman. Our complete range of models is shown on pages 76-83.*

## A JOYOUS BIG SCREEN EXPERIENCE

You bring your book, your cup of coffee or your laptop and we'll bring the comfort – a combo unparalleled. The Plus™ System in the Stressless® home cinema setup allows the neck support to move in parallel with the lumbar support and makes the hours spent in front of the big screen a joyous experience. Choose between the ordinary armrest, the practical features of the Stressless® Easy armrest table or the Stressless® Corner table. The Stressless® home cinema set up ensures that every movie night gets a perfect ending!

Regardless of how much available space you have for your home cinema setup, there is always place for a Stressless®. The brilliance lies in the flexible modules. Find your favourite model, and pick your ideal arrangement from the size and positioning chart. These illustrations show the most popular arrangements. See [www.stressless.co.uk](http://www.stressless.co.uk) for a complete overview and measurements for each model.

The Ekornes® Corner table (CT) combines the need for a table with the need for individual positioning of the chairs and sofas. The Corner table is free-standing, allowing you to reorganise the furniture when needed.

Stressless® Wave CT 121 shown in Batick Snow/Round wooden legs, Ekornes® Corner table, Stressless® Easy armrest table, Stressless® Double ottoman. Our complete range of models is shown on pages 76-83.

## Ekornes® offers four categories of leather, in a selection of beautiful colours.

**BATICK** is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

**CLASSIC** is a corrected, pigment-improved and grain-embossed upholstery leather. Classic is somewhat thicker, and has a larger pebbled grain, than Batick. Most of its natural marks are removed. Also, some of the Classic colours have a two-tone colour effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Classic is a wise choice if you want leather with excellent utilisation properties and a robust structure.

**PALOMA** is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor

colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick and Classic. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

**ROYALIN** is the most exclusive of Ekornes's leather types, but also the most vulnerable. Royalin is a type of leather with natural pebbled grain and structure, and may have minor colour nuances and some natural marks. This is characteristic for a natural material such as Royalin. A very light surface treatment provides a certain protection, but Royalin absorbs moisture easily, and is extra vulnerable to wear and tear, heat, sunlight, spills and perspiration. This requires greater care in use and more vulnerability to influence from direct contact with human skin (especially from neck/hair and hands). Royalin has the softness and rich warm glow that characterise first-class furniture leather. Variances, including grain pattern and colour, are an inherent feature within Royalin leather and are a natural mark of high quality.

## Stressless® Leather and Fabric Care kits

To match the high quality of our furniture, Ekornes now offers its own leather and fabric (including microfiber) care series.

The Stressless® Leather Care kit (medium, large) and the Stressless® Leather Care Wipes contain a leather cleaner, a protection cream and wipes. For nurturing, and making the leather more resistant to stains, the protection cream should be applied to all leather surfaces when your recliner is new. For later treatment, in addition to regularly removing stains, we recommend that the leather is cleaned with the Stressless® Leather Cleaner at least every 6 months. Always apply protection cream after cleaning. Please see [www.ekornes.com](http://www.ekornes.com) for further information about maintaining your leather furniture.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and 'Ox cleaner'.

This kit gives you everything you need to clean a piece of furniture in just minutes, without removing the fabric cover. For resistant stains, use the Fabric Cleaner together with the Stain Remover and 'Ox Cleaner'.

These are the only cleaners Ekornes will approve. Ekornes will decline all responsibility in cases where other products than those approved by Ekornes have been used to maintain your leather and fabric furniture.

### Ekornes® upholstery leather

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations relating to their utilisation properties, and for the use and content of chemicals and other substances. We are cooperating with recognised international institutions in this line of business, to ensure that we are updated at all times with events relating to health, safety and the environment.

### The leather for our furniture is a natural material that comes from cattle hides

When the hide has gone through a tanning process and further processing to achieve the correct utilisation properties, it is called leather. One characteristic of hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors, and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

### The following are some of the properties of leather that you should be aware of:

Leather is a natural product and is a beautiful and lively material used in furniture-making. Each hide is unique in its structure, appearance, nuance and size.

Ekornes may use several hides when making your furniture. This, together with the leather's play of colours and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

**The following applies to all types of leather used by Ekornes:** Hide absorbs dyes differently, and therefore the leather may have colour nuances. These are due to dissimilarities and different fibre structures, which affect the colouring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are deep-dyed, but there could always be a deviation between the basic colour of the hide (the colour of the side that faces the upholstery side of the furniture), and the colour of the grain side (the external side): i.e. the colour of the outer layer. This is normal. It is possible to use the same basic colour for leathers with different top colours.

Dyes and dyeing methods may vary between the different leather colours and leather qualities. Therefore, the basic colour and the colour of the top layer (which forms the wear layer and the final desired colour of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone colour effect (shadow/antique effect). Leather dyed with a two-tone

effect may change character faster and wear more unevenly than leather with just one colour. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top colour is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top colour changing character, cracking or peeling off.

Denim clothes and hard textiles, such as dungaree jeans, expose the leather to strong wear and may leave colour on the leather which is difficult to remove, without risking destruction of the top colour of the leather. Light leather colours in particular are vulnerable to such colour contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in colour may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

*Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.*

## Stressless® Fabric

Our specially selected fabric collection meets the most severe requirements in the furniture trade. Stressless® fabrics are produced according to strict conditions with respect to nature; they are also prepared for heavy-duty use, light tolerance and flammability. Choose from the Oasis, Ocean, Luna and Siena ranges in a wide selection of colours that match your interior.

### About fabric

Please note that colour changes will occur with time, as a result of use and the effect of light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner or sofa, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

## The wood colour

Our wood finishes are made from laminated European beech, a light-coloured wood with an attractive grain, eminently suitable for staining in various colours. The hardness of the wood makes beech furniture extremely durable.

## SELECT YOUR LEGS

Trainers with your elegant ball gown? Slippers with your smart suit? Most women prefer a pair of high heeled shoes to match that specially selected dress and most men, black leather shoes that complete that sharp business look. Still – the choice is always yours, and luckily most our Stressless® and Ekornes® models can be delivered with a wide range of different leg options. Steel legs give your sofa a more sophisticated and modern look, wooden legs give a warmer feel to your living room. So, whether your personality says "suit and leather shoes", or "evening gown and sneakers" - we have the legs to fit – the choice is always yours.

## REST YOUR FEET

### STRESSLESS® DOUBLE OTTOMAN

The large ottoman offers ample space to put your feet up, and the storage space hides a tabletop which can be placed on the ottoman when needed. W:119/154 H:44 D:61

### STRESSLESS® OVAL OTTOMAN

The Stressless® oval ottoman has a removable pillow, so it doubles up as a convenient table. When you don't need it to rest your feet on, simply store it below the tabletop. W:90 H:41 D:48

### STRESSLESS® DUO OTTOMAN

Can be used as a footstool, or as a small table. Simply take the wooden table inserted into the side, place it on the top, and you have a convenient, small and movable table. If not in use, you can easily place it under the Stressless® Duo table. W:61 D:34 H:44

W:51 D:40 H:44

W:60 D:60 H:44

W:53 D:49 H:44

W:64 D:70 H:44

### STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN

Our ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman adjusts to your sitting position. It has room for all the extras, under its removable top. The ottoman comes in two sizes.

## FUNCTIONAL TABLES DESIGNED FOR COMFORT AND STYLE

All of our tables are developed with functional design and purpose in mind. Some of them are designed to fulfil the unique Stressless® comfort experience, and some of them to complement a specific Stressless® sofa model. The sofa tables with wooden legs are made of high-quality toughened glass and beech, and are available in seven different wood stains to match your furnishing and interior style.

### EKORNES® PEGASUS TABLE

Made from beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black.

W:127 D:77 H:48

### EKORNES® WINDSOR TABLE

Made from beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black.

W:132 D:70 H:48

### STRESSLESS® DUO TABLE

Made from high-quality toughened glass with beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black. Add up to four Stressless® Duo ottomans and the result is the epitome of functional design.

W:108 D:86 H:44

W:140 D:90 H:45

Ø:105 H:45

W:59 D:68 H:49

### EKORNES® JAZZ TABLE

The Ekornes® Jazz tables are made specifically to match Stressless® Jazz and Blues recliners. Choose between the round or rectangular versions, or the clever corner table that fits perfectly between two recliners.

### STRESSLESS® COFFEE TABLE

A flexible and cleverly designed table in stainless steel and glass, that fits perfectly above the seat of your sofa. Your snack, or beverage, is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

W:60 H:50 D:50

### STRESSLESS® FLEXI TABLE

Exclusively designed in stainless steel and glass. This table is height-adjustable and the glass plate can easily be tilted and transformed into a standing PC-table.

W:54 D:43 H:55-70 (height-adjustable)

### STRESSLESS® ELLIPSE TABLE

This flexible easy-to-move table is ideal, because when you're in your "comfort zone" you can easily reach everything you need.

W:49 D:38 H:54-74 (height-adjustable)

### EKORNES® CORNER TABLE

This practical table is made especially for home cinema arrangements, but it's suitable for any corner setup. W:69 D:60 H:48

### STRESSLESS® EASY ARMREST TABLE

This neat idea is made for the Stressless® Arion, Stressless® Space, Stressless® E200 and Stressless® Wave. Simply place it on the armrest for a convenient extra surface.

W:25 D:23 H:10
